1. The amendment filed 06/14/2004 has been entered.

Allowable Subject Matter

2. Claims 22-43 are allowed.
3. The following is an examiner's statement of reasons for allowance: The argument regarding the spatial separation of the excitation and detected light presented by the Applicant is persuasive and thus renders the claims allowable over the prior art cited (note: the argument regarding the pupil plane is not persuasive since the embodiment of Figs.5 and 6 of Xiao discloses the device 50 as positioned in the pupil plane).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
